DANN

EVENT HIRE

In 2021 love truly
does conquer all.

**Is your wedding celebration now smaller in scale,
but big on love? We've got you covered.**

Intimate / Micro weddings continue to be a popular consideration in 2021. They open up so many possibilities to personalise a magical and intimate experience shared with your nearest and dearest.

A refined guest list grants you the opportunity to focus on what truly matters to you, the most.

New venue locations become an option i.e your home, private properties or even a cellar door. By personally selecting elements, it ensures spaces are transformed and unforgettable experiences are enjoyed.

Attention is placed on creating **a magnificent experience for you and your guests**, all while taking into consideration covid-safe regulations in this 'current climate'.

With this in mind we have curated **four trending AW21 styles** to inspire and bring your personalised intimate wedding ideas to life.

Our packages cater for reception celebrations of 8/20/40/80 people and include decor and styling suggestions to make your day feel even more magical.
