KONNECT

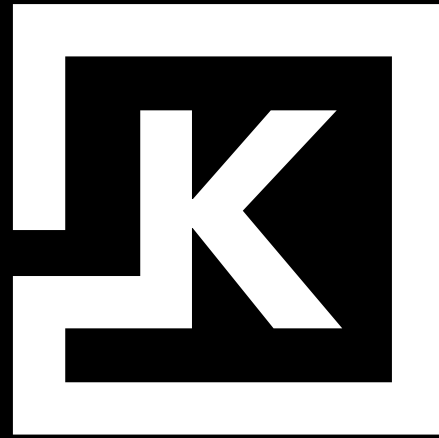

We are invested in our industry, our clients, our staff and our brand. There is nothing more we love than to work hand in hand with our clients to re-imagine spaces to excite and inspire. To create first impressions, then lasting memories.

**This is not a job to us. We do what we love.  
We are here to put a dent on the universe  
and leave our legacy.**

**create the  
unimagined.**

introducing.

**KONNECT**

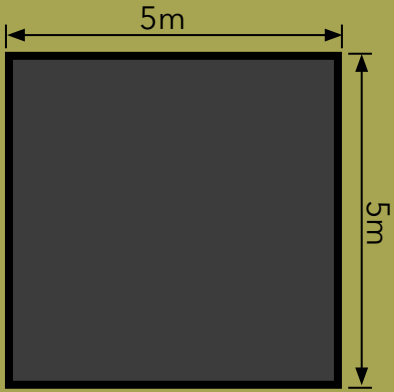

by **DANN**  
EVENT HIRE

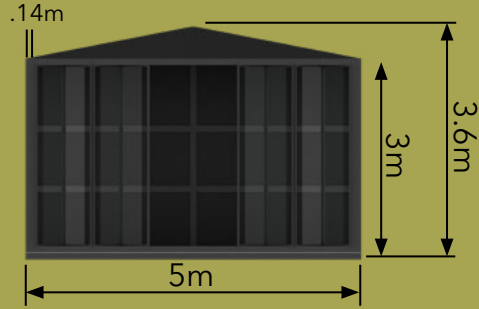

## **Don't you love it when things just connect?**

We are extremely excited to introduce KONNECT. Our new modular structure made in uniform 5m x 5m bays which connect together to create larger, customisable event space solutions for INDOOR & OUTDOOR events.

# profile.

overhead view

side elevation

# technical specs.

## configuration examples.

Made in uniform 5m x 5m bays KONNECT is designed to connect together to create larger, versatile structure sizes to meet client requirements.

# wall options.

**black ABS  
(hard walling)**

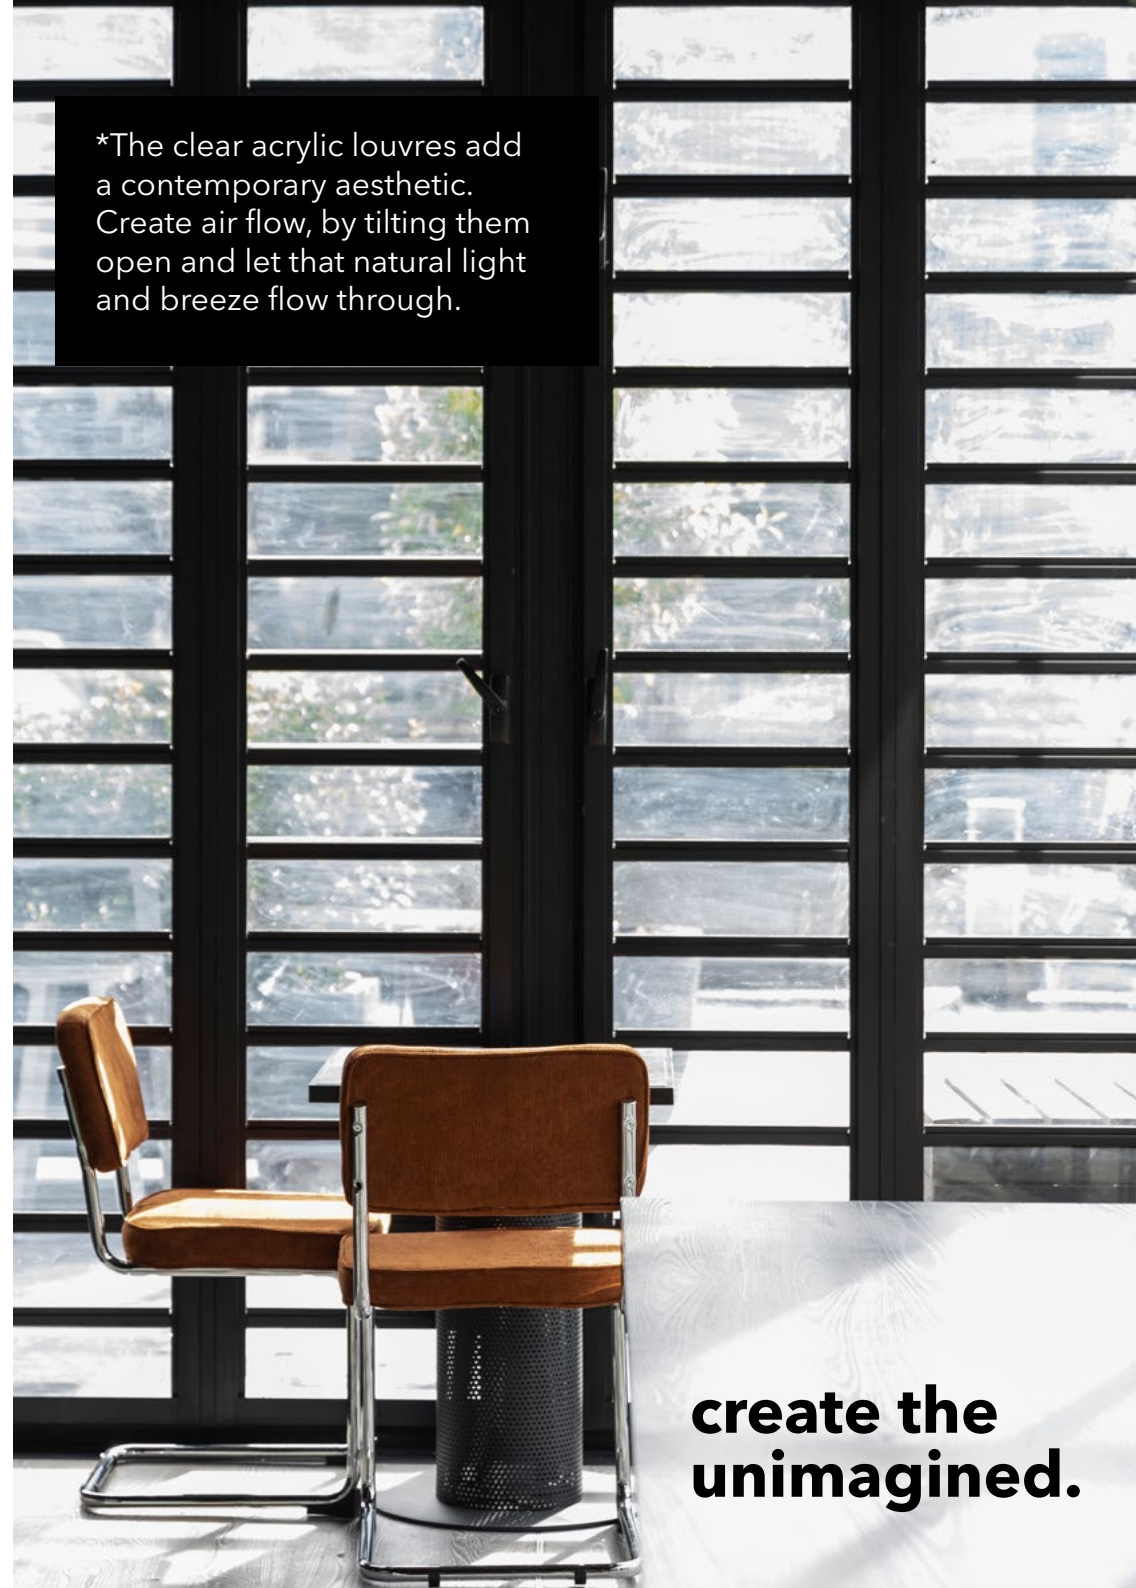

**teak timber  
horizontal  
panels**

**clear acrylic louvres**

**black stainless steel  
mesh screen**

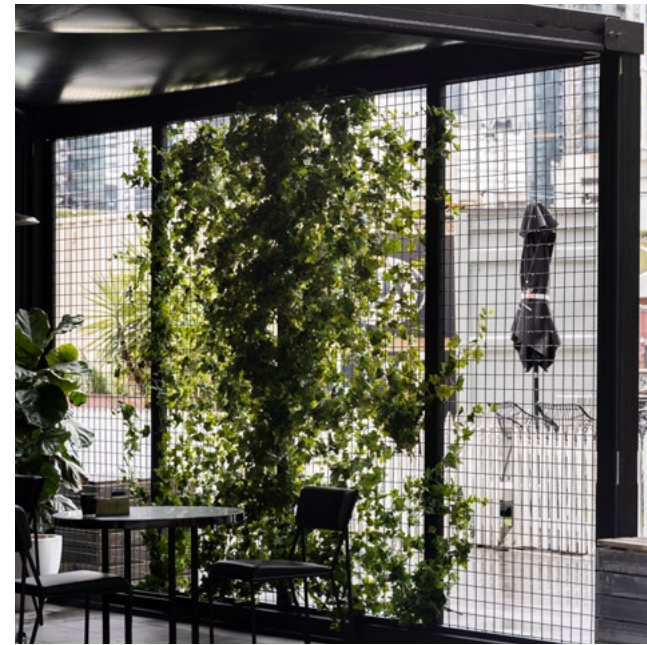

**clear acrylic louvres**

\*The clear acrylic louvres add a contemporary aesthetic. Create air flow, by tilting them open and let that natural light and breeze flow through.

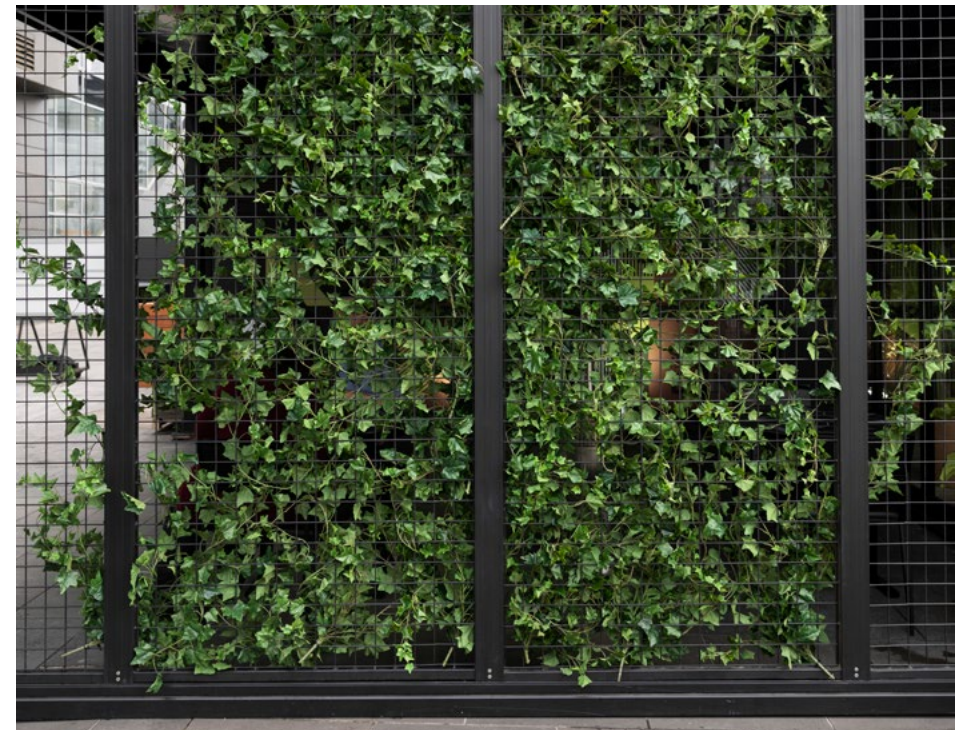

**create the  
unimagined.**

\*The mesh screen is perfect for decorating with greenery, florals, signage + more! The possibilities are endless.

**black stainless steel mesh screen**

**teak timber horizontal panels**

\*The teak timber panels are suitable for outdoor activations and generate air flow. Fill with greenery and create an alfresco oasis.

**black ABS wall**

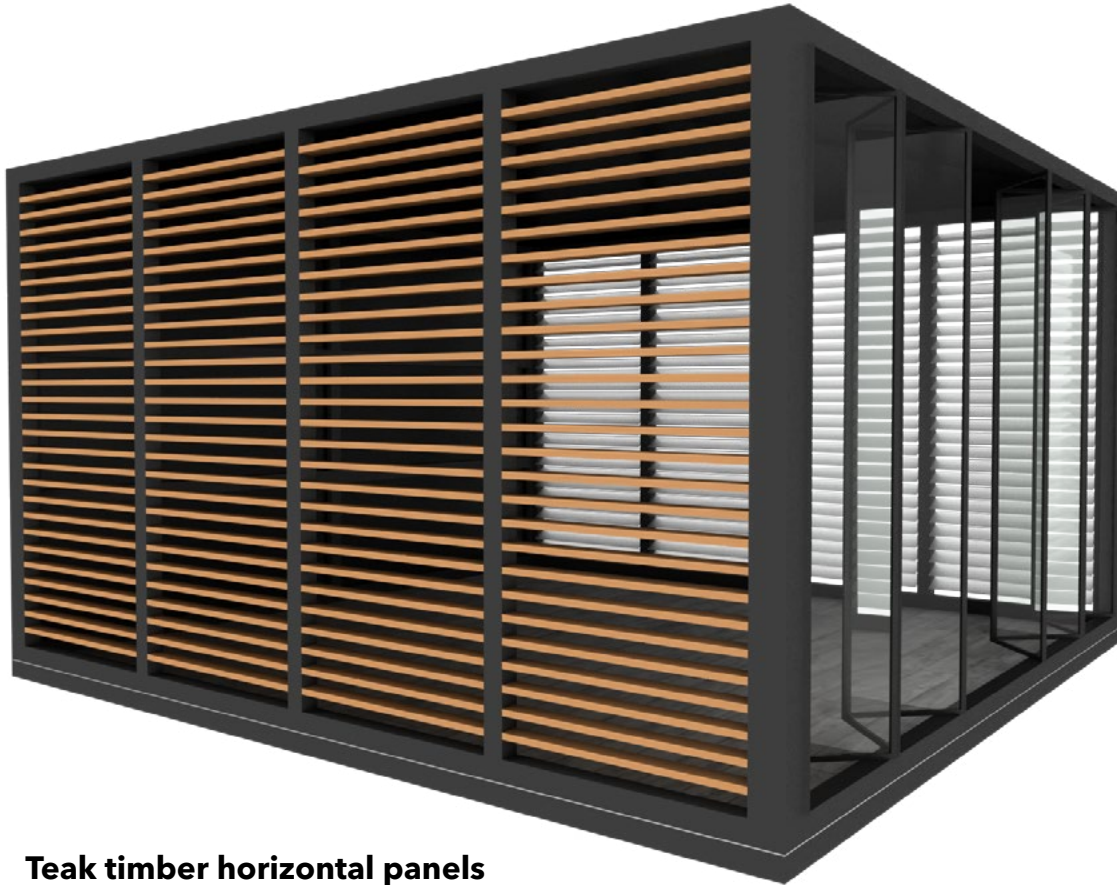

\*Create your own custom look, by adding a removeable wall print to the black ABS walls

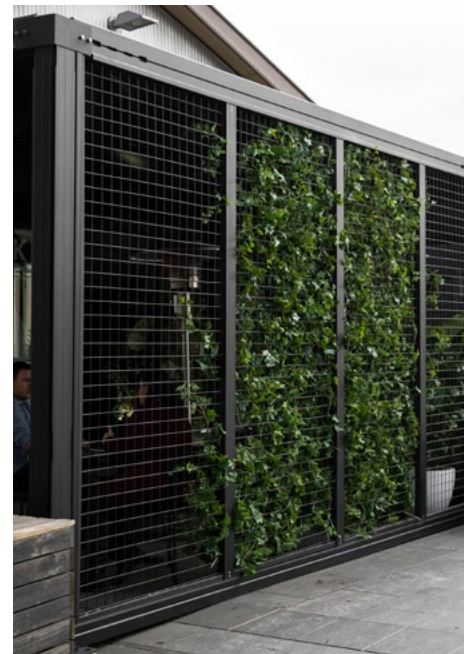

konnect them all.

## What is your favourite Konnect formation?

Teak timber horizontal panels to allow airway, for an outdoor event.

Only 2 x black stainless steel mesh screen walls, to form a feature entranceway.

# pricing information.
